

## MONITA APPLICATIONS

**Monatec's** range of event monitoring devices provides low cost solutions for remote event monitoring and or meter reading on a complete range of sensors on an endless range of equipment.

Here are just a few examples of some the applications that the Monita Range of products can be used with.

### EVENT MONITORING

Air Conditioning  
Antennas & Transmitter Stations  
Boats, Piers & Docks  
Camps & Recreational Facilities  
Chemical Plants & Refineries  
Chicken & Egg Houses  
Cold Rooms  
Compressors  
Cooling Systems  
Computer Rooms & Peripherals  
Electrical Power Substations  
Engine Rooms & Bilge Pumps  
Equipment (Almost anything)  
Fans, Blowers & Exhaust Systems  
Farm Buildings, Barns & Stables  
Flow Detection  
Food Storage & Processing  
Greenhouses & Nurseries  
Hatcheries, Fish & Poultry  
Heating Systems  
High Level Indicators  
Hospital Pharmacies & Storage  
HVAC Systems & Equipment  
Ice Cream & Gourmet Food Stores  
Laboratories & Scientific Equipment  
Low Level Indicators  
Maintenance & Storage Sheds  
Manufacturing Plants & Equipment  
Marinas & Port Facilities  
Meat Processing Plants  
Medical Offices & Clinics  
Pharmacies & Medical Supplies  
Pipelines & Compressor Stations  
Poultry Producers & Processors  
Power Outage  
Pressure Over & Under  
Process Control Systems & Equipment

Production & Packaging Lines  
Pumps  
Refrigerators & Freezers  
Restaurants & Cafeterias  
Security Systems  
Sewage Plants & Pumping Stations  
Supermarkets & Convenience Stores  
Switchgear & Telephone Huts  
Temperature Over & Under  
Uninterruptable Power Supplies  
Ventilation Systems & Blowers  
Warehouses & Storage Facilities  
Water & Waste Treatment Plants  
Water Supply Systems

### COUNT NOTIFICATION or METER READING

Counters  
Duty Cycles  
Flow Switches  
Gas Meters  
Machine Hours  
Photocopiers  
Power Outages  
Pump Cycles  
Road Counters  
Turnstiles  
Usage Meters  
Water Meters
